

**AN ORDINANCE AMENDING CHAPTER 99:
STREETS AND SIDEWALKS, OF THE CITY OF FORT
WAYNE CODE OF ORDINANCES FOR THE PURPOSE OF
REQUIRING CERTAIN MAINTENANCE AND REPAIR**

WHEREAS, the City of Fort Wayne has an interest in preservation of brick streets and alleys having adopted Ordinance G-17-11 requiring such preservation; and,

WHEREAS, Community Development Division has inventoried existing brick alleys and recommends that certain brick alleys with historic integrity in or adjacent to multiple historic districts be maintained and preserved; and,

WHEREAS, Community Development Division recommends identifying these alleys on an official map and adopting said map, attached hereto and marked as Exhibit A, as a part of Ordinance G-17-11,

NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. Delete Sec. 99.051 "Brick Alleys" and replace with the following:

The City of Fort Wayne will also preserve and maintain brick alleys identified on an official map, provided by the Community Development Division, which shall not be changed without prior Council approval. Nothing is intended to mandate that the city has any greater obligation to make or pay for the brick alley repairs beyond that which is undertaken for non-brick alleys in the normal course, rather this subchapter is merely evidencing an obligation to maintain the structural and aesthetic integrity of the alley as brick alleys when a decision is made to repair or replace brick alleys in the normal course.

SECTION 2. The City of Fort Wayne, by and through the Division of Public Works and City Utilities, will notify all City Departments and Utility Companies of the changes to this Ordinance and the Community Development Division will provide maps showing the designated alleys for maintenance and preservation.

SECTION 3. These amendments to this Ordinance shall be in immediate full force and effect upon all necessary approval by the Mayor, or an override of a Mayoral veto, and any legal publication required by Indiana law thereof.
