Memo

To: Purchasing/Council
From: Larry Campbell, Fleet Director
Date: January 23, 2013
Re: 2013 New Sewer camera system for WPCM

In regards to a New 2013 IBAK sewer camera, software, computer and removal of old camera system and installation and mounting of new unit into existing City van for the Water Pollution Control Maintenance Department, please award to Jack Doheny Companies for a total cost of \$113,808.60 For a new 2013, camera and program Jack Doheny is the dealer for this type of equipment in Indiana.

This would be a proprietor and a special purchase for this model and type of Camera system. The Water Pollution Control Maintenance Department has three cameras and two IBAK cameras of this type and style. This would be a replacement for an older CUES camera system the city is currently using (a 2003 unit).

An evaluation sheet was done by camera operator's documenting their likes and dislikes. Department had a group meeting with camera operators so they could voice their opinions regarding which unit would be best to do their job. IBAK was the unit/system the operators like the best.

Reason for being a proprietor is currently City has two IBAK camera systems they have been very good pieces of equipment for the City. The operators would also be able to run the new equipment immediately because the units would be the same system and be able to interchange cameras between the three units.

Checked if any of the same type of camera system has been awarded in the state of Indiana! Jack Doheny Companies sold the same type of camera system to the City of New Haven in 2012 on a bid/ITB. Jack Doheny Companies was the low bidder. Jack Doheny Companies agreed to stay at the same price to the City of Fort Wayne for 2013 for a cost of \$136,046

Checked with the GSA and National purchasing agreements for a comparable cost and was substantial lower by \$7,000. This pricing is what we got Jack Doheny Companies to agree \$128,808.60. With the trade in cost of out dated system and cameras \$15,000.00 for a total cost of \$113,808.60

Your consideration and approval for this purchase request is greatly appreciated.

The delivery time is 90 days. Jack Doheny Companies is registered as a Buy Indiana company and a local company in Fort Wayne.
