This Joint Ledge Agreement is between and among the Allen County Redevelopment Commission (the "Redevelopment Commission"), the Board of Commissioners of the County of Allen (the "County"), the Allen County Council, the City of Fort Wayne, Indiana (the "City"), the Common Council of the City of Fort Wayne (the "Common Council"), and Brunswick Leisure Boat Company, LLC ("Recipient"). The parties to this Agreement, in consideration of the mutual covenants, obligations and stipulations set forth therein, agree as follows:

WHEREAS, the Recipient will be a significant employer in the City and the County; and

WHEREAS, the parties desire to enter into a joint agreement to encourage the expansion of job opportunities in the community; and

WHEREAS, I.C. 36-7-14-33 provides for agreement between and among the agencies which are parties to this Agreement to provide economic development through the furnishing of financial and other assistance for a redevelopment project;

NOW, THEREFORE, for and in consideration of the good and mutual consideration set forth hereinafter, the parties hereto agree as follows:

1. Purpose of the Agreement. The purpose of this Agreement is to promote job creation in Allen County, Indiana. In furtherance thereof, the City and County have awarded to the Recipient the financial assistance set forth herein as a portion of the economic development incentive package to relocate job opportunities to its Allen County, Indiana facility (the "Facility") and to retain 161 full-time jobs and create 200 new full-time jobs in the boat building manufacturing sector of the national economy (the "Project"). The annual assistance provided for in this Agreement will be used to lease equipment from Recipient.

2. Definitions.

a. "Full-time Equivalents" ("FTE") means a job requiring a minimum of thirty-five hours of an employee's time a week for the entire normal year of company operations or a job requiring a minimum of thirty-five hours of an employee's time each week for the portion of the first year in which the employee was hired for or transferred to the Project; provided, however, that jobs requiring less than the specified hours may be aggregated to full-time equivalents with each aggregate equivalent considered to be full-time.

b. "Facility" means the manufacturing facility located at 1111 N. Hadley Road, Fort Wayne, Indiana.

c. "Joint Ledge Board" means a board created by this Agreement and composed of the members of the Redevelopment Commission and two (2) members appointed by the Mayor of the City, to serve at his pleasure and which board is charged with enforcement of this Agreement.

d. "Taxable Year" shall be defined as a calendar year in which benefits may be allowed under the provisions of this Agreement.

e. "Total annual payroll" shall be defined as the sum of the total payroll, excluding benefits, paid to employees located at the Facility during the calendar year.

f. "Projected Jobs" shall be defined as the sum of jobs retained and new workers hired as a result of the Project.

3. Term of the Agreement. This Agreement shall commence effective OCTOBER 17th, 2012 and continue for the term of the lease agreement between the Recipient and the Allen County Redevelopment Commission, the form of which is attached hereto as Exhibit A (the "Lease Agreement"), but shall not in any event exceed a term of ten (10) years. The Recipient shall make commercially reasonable efforts to maintain operations at the Facility for at least ten (10) years.

4. Description of the Project. Recipient will purchase the building at 1111 N. Hadley road and invest approximately \$750,000 in building improvements and purchase \$1.9 million in new equipment over a four year period beginning in 2013. The equipment will be used by the Recipient in the production of boats. Total annual payroll of employees employed by the Facility and the Projected Jobs shall be in excess of the amount set forth below.

<u>Taxable Year</u>	<u>Annual Payroll</u>	<u>Projected Jobs</u>
2013	\$7,393,000	181

2017-2022	\$14,968,000	361

5. Duration of the Benefit. Recipient may claim a benefit under this Agreement for any one or more Taxable Years, but the maximum number of years in which Recipient may claim a benefit under this Agreement shall not exceed a cumulative total of five (5) consecutive Taxable Years.

6. First Taxable Year for Which the Benefit is Claimed. The first Taxable Year in which a benefit may be claimed under this Agreement is the Taxable Year ending on or before December 31, 2013.

7. Contribution Limits. The City shall contribute seventy-five percent (75%) and the County shall contribute twenty-five percent (25%) of the Ledge Benefit amount in each Taxable Year a benefit is paid. Failure of either the City or the County to contribute the amount required by this paragraph shall not impose a duty on the other party to make up any shortfall.

8. The Ledge Benefit Amount Allowed for Each Taxable Year. The maximum Ledge Benefit amount that will be allowed for each Taxable Year is set forth below, with the breakout of the share to be contributed by the City and County.

<u>Taxable Year</u>	<u>Maximum Ledge Benefit</u>	<u>Ledge Breakout</u>	
		<u>City Share</u>	<u>County Share</u>
2013	\$63,045	\$47,283	\$15,761

Provided further, that no Ledge Benefit under the provisions of this Agreement shall be allowed in any Taxable Year in which Recipient's net FTE at the Facility falls below eighty percent (80%) of Projected Jobs for more than three (3) months in such Taxable Year or in which Recipient is otherwise in default in the performance of its obligations hereunder.

No party hereto shall be responsible or liable in any way for its failure to perform its obligations hereunder, if such failure to perform is beyond the control of said party whether caused by acts of God, unavailability or shortages of raw materials from usual sources of supply, or unavailability or shortages of energy necessary to produce and/or deliver the products by usual modes of transportation, fire, flood, war, terrorism, unforeseen market forces, embargo, explosions, riots, or loss, rules, regulations, restrictions and orders of any governmental authority to which such entity is subject, or any other cause (excepting labor disputes and strikes), beyond the reasonable control of the affected party. Such failure shall not terminate this Agreement but the obligations of the affected party shall be suspended during the period when performance is so suspended, unless such period exists beyond a period of one hundred and eighty (180) days, in which event any party shall have the right at any time thereafter during such force majeure to terminate this Agreement upon written notice to the other parties. The party so prevented from complying

with its obligations hereunder shall immediately notify and keep the other parties from time to time apprized thereof, and such party so prevented shall endeavor to remove or overcome the cause of such inability to comply with its obligations under this Agreement. Nothing herein shall be construed to require the settlement of strikes, lockouts or other labor difficulties by the party involved contrary to its wishes.

The foregoing notwithstanding, the Ledge Benefit Amount set forth above in any Taxable Year shall be reduced by the amount of any unpaid real or personal property taxes applicable to the Facility regardless of ownership of the Facility at the time of assessment. If subsequently paid, said Ledge Benefit Amount shall be restored.

9. Duties and Responsibilities of Recipient. Recipient has made certain promises to the City and County regarding the Project including the amount of private sector investment, the number of jobs to be created in Allen County, and the annual payroll to be generated by the Project. Recipient also promises that it will use commercially reasonable efforts to maintain operations at the Project location for at least ten (10) years. In the event Recipient materially fails to fulfill the obligations set forth in Section 4, or otherwise under this Agreement, as determined solely by the Joint Ledge Board, the benefit shall be reduced or repaid according to the following:

In the event that the FTE employment at the Facility falls below eighty percent (80%) of the Projected Jobs based on the annual average FTE in any year of the ten (10) year promise, then

During the first five years. The benefit amount paid will be reduced by multiplying the Maximum Ledge Amount for that year by the proportion of the actual number of employees employed at the Facility for that year divided by the Projected Jobs promised by the Recipient for that year.

During years five through ten. For each year of non-compliance, the LEDGE benefit repayment will be calculated as follows:

$$((\text{Projected Jobs} - \text{Average annual FTE}) / \text{Projected Jobs}) \times (\text{Benefit Received} \times .1 \times \text{Total number of years of non-compliance})$$

The parties hereto acknowledge that the Recipient's investment in the Project and the investment by the City and County in granting the benefit described in Section 8 above is to encourage economic growth within the County. The Joint Ledge Board acknowledges that in some instances, economic conditions or other factors not within the Recipient's control may prevent the Recipient from complying fully with this Agreement. The Joint Ledge Board will give the Recipient notice and an opportunity to explain the reasons for any variations from the representations contained in this Agreement, and it will exercise good faith in

evaluating the factors affecting the Recipient's situation prior to taking any action authorized under this Agreement.

The Recipient shall submit to the Joint Ledge Board not later than March 31st of the following Taxable Year for which this Agreement is in force, the information listed below:

- f. In addition to the information provided under the provisions of the subsections contained in this Section 9, within ten (10) days of any modification, any changes in the Lease Agreement.

the City of Fort Wayne, the Fort Wayne Common Council, and the Allen County Council shall treat the above information as confidential financial information pursuant to IC 5-14-3-4(a)(5).

10. Exclusive Use of the Benefits by Recipient for Lease Payments on the Project. Subject to appropriation, The Joint Ledge Board shall use the benefits provided under the provisions of this Agreement exclusively for the payment of lease obligations pursuant to the Lease Agreement.

11. Duties and Responsibilities of the Joint Ledge Board. Upon the timely annual receipt of the information described under Section 9 of this Agreement from the Recipient, the Joint Ledge Board shall review the claim for annual benefit and supporting information and shall, within forty-five (45) days provide the Recipient with (1) written verification of concurrence of the benefit amount claimed for the prior Taxable Year, or (2) written notice of the adjusted benefit amount the Joint Ledge Board determined appropriate for the prior Taxable Year along with justification of the modification from the amount claimed. Upon approval of the benefit amount, The Joint Ledge Board shall, through the City, County and Redevelopment Commission concurrently provide to Recipient the payment as required under this agreement and the Lease. The City, County and Redevelopment Commission shall have no obligation to make any payment to or for the benefit of Recipient in any Taxable Year in which Recipient is in default under this Agreement.

If the Joint Ledge Board determines that the Recipient is not materially complying with the requirements of this Agreement, it may, after giving the Recipient an opportunity to explain the noncompliance, take any action it deems appropriate, including the termination of this Agreement. Recipient hereby releases the City, the County and the Joint Ledge Board from any and all claims or causes of action Recipient may have against any such party as a result of the termination of this Agreement unless Recipient can establish that the Agreement was terminated in bad faith.
