

BILL NO. S-16-11-11

SPECIAL ORDINANCE NO. S-_____

AN ORDINANCE approving the PURCHASE OF
LED ACORN STYLE FIXTURES (\$100,000.00+)
between ESL-SPECTRUM, INC. by and through
its Department of Purchasing for the
Transportation Engineering Services Department.

**NOW, THEREFORE, BE IT ORDAINED BY THE COMMON
COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:**

SECTION 1. That the PURCHASE OF LED ACORN STYLE
FIXTURES by and between ESL-SPECTRUM, INC. (sole provider) and the
City of Fort Wayne, Indiana, through its Department of Purchasing for the
Transportation Engineering Services Department, is hereby ratified, and
affirmed and approved in all respects, respectfully for:

The purchase of LED Acorn style fixtures to replace High
Pressure Sodium fixtures throughout the City of Fort
Wayne:

involving a total to exceed ONE HUNDRED THOUSAND AND 00/100
DOLLARS - (\$100,000.00+). A copy of said Contract is on file with the Office
of the City Clerk and made available for public inspection, according to law.

SECTION 2. That this Ordinance shall be in full force and effect
from and after its passage and any and all necessary approval by the Mayor.

Council Member

APPROVED AS TO FORM AND LEGALITY

Carol Helton, City Attorney

DIGEST SHEET

Department: Transportation Engineering Services

Resolution Number: N/A

Title of Ordinance: Purchase of Sternberg Street Light Fixtures

Awarded To: ESL Spectrum, Inc.

Amount of Contract: Exceeds \$100,000

Number of Bidders: 1 (Sole source provider)

Description of Project (Be Specific):

Purchase of LED Acorn style fixtures to replace High Pressure Sodium fixtures (HPS). The LED fixtures are more energy efficient and require little maintenance and come with a 7 year warranty. The quality of the light is also more superior with the LEDs. We have standardized the light fixtures in the downtown and fringe areas and will be going to this style of fixture as funding becomes available or as we make roadway improvements that include street lighting. The fixture is manufactured by Sternberg and is distributed in our region by ESL Spectrum Inc.

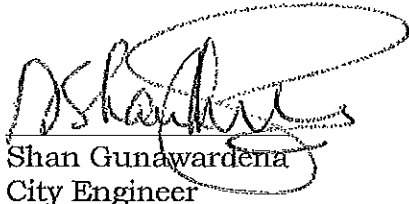

What Are The Implications If Not Approved:

As we make progress in changing out our street light inventory from HPS to LED, we will continue to yield cost savings in energy consumption as well as maintenance (i.e. bulb changes/outages). These LEDs are warranted for 7 years and require minimum maintenance. With 34,000 street lights in our inventory, we look for funding sources to make this transition happen.

If Prior Approval Is Being Requested, Justify: N/A

Additional Comments:

Community Development has agreed to fund up to \$80,000 in these LED fixture replacements. These replacements are to be made along the Broadway business corridor. We have also replaced several Acorn fixtures with LEDs in the downtown and abutting areas. Since we will be exceeding the \$100,000 threshold for a sole source provider, we are seeking Council approval.

Shan Gunawardena
City Engineer

11/10/16
Date

To whom it may concern;

ESL-Spectrum is the sole provider for Sternberg decorative street lighting & poles for the City of Fort Wayne, IN.

Thank you,
