July 12, 2017

Fort Wayne City Council  
Fort Wayne, IN

We appreciate the opportunity to present our Economic Revitalization Application (ERA).

Our company currently owns several commercial properties in the Fort Wayne area. In this capacity, we have been made aware of an underserved need for start-up companies and small businesses looking for low-cost commercial space for their businesses to start and grow. Phase I of our building project will offer new and existing businesses eight (8) separate units of 2,500 sq. ft. each of finished commercial space for storage, manufacturing and warehousing.

When we began to move forward with our project, our building contractor made us aware of the ERA program. Until then we were unaware of the phase-in process. This resulted in a delay in completing the application process. Since construction has already started we have also applied for a waiver to be considered for property tax relief.

Again, we are looking forward to a fair review of our request for tax relief. Approval will allow us the ability to begin the next phase at an earlier date. Phase II will provide even more of this type of commercial building revitalization in the near future.

Sincerely,

---

In order to be considered an Economic Revitalization Area (ERA), the area must be within the corporate limits of the City of Fort Wayne and must have become undesirable for, or impossible of, normal development and occupancy because of a lack of development, cessation of growth, deterioration of improvements or character of occupancy, age, obsolescence, substandard buildings, or other factors which have impaired values or prevent a normal development of property or use of property. It also includes any area where a facility or group of facilities that are technologically, economically, or energy obsolete is located and where the obsolescence may lead to a decline in employment and tax revenues.

How does the property for which you are requesting designation meet the above definition of an ERA?

There is an obsolescence in available manufacturing and warehousing facilities  
in the area, leaving a void for small startup businesses to grow.

- B. The type of deduction that is allowed in the designated area is limited to:  
 1. Redevelopment or rehabilitation of real estate improvements ☒ Yes ☐ No  
 2. Residentially distressed areas ☐ Yes ☒ No
- C. The amount of the deduction applicable is limited to \$ Unlimited.
- D. Other limitations or conditions (*specify*) N/A
- E. Number of years allowed: ☐ Year 1 ☐ Year 2 ☒ Year 3 ☐ Year 4 ☐ Year 5 (\* *see below*)

☒ Yes ☐ No  
 If yes, attach a copy of the abatement schedule to this form.  
 If no, the designating body is required to establish an abatement schedule before the deduction can be determined.

We have also reviewed the information contained in the statement of benefits and find that the estimates and expectations are reasonable and have determined that the totality of benefits is sufficient to justify the deduction described above.

|                                                                                  |                              |                                         |

- A. For residentially distressed areas where the Form SB-1/Real Property was approved prior to July 1, 2013, the deductions established in IC 6-1.1-12.1-4.1 remain in effect. The deduction period may not exceed five (5) years.
