COUNCIL DIGEST SHEET

COST COMPARISON

<i>Increase/decrease amount from prior years For annual purchase (if available).</i>	The total cost increased from \$212,850 last year to \$269,970. The larger increase is because Spillman changed their invoice period for mobile modules and pro-rated last year invoice. If we compare the month rate, the increase from last year was 3%.

Subject: Yearly Maintenance for Spillman Mobile software

Members of City Council:

This ordinance is to authorize the purchase of yearly maintenance for Spillman Flex Public Safety software from Spillman Technologies, Inc for the operation of the City's police, fire and 911 departments. This year's maintenance cost is \$269,970.

In previous years, mobile software and the base system were billed separately, and at different times. Spillman has now combined the invoices into one. This gives the appearance of a price drop, but the reduced price is due to a pro-rating to align the invoice dates.

This payment is made annually and represents one half of the Spillman maintenance cost. Allen County pays the other half of the maintenance. Appended below is a list of Spillman software modules under support.

In exchange for maintenance fees, the software vendors provide support for problems with the software and periodically provide new versions of the software.

Our decision to pay maintenance rests on four tests:

- Do we have a continuing internal commitment to use this software?
- Is the software vendor continuing to improve the product?
- Is the vendor useful in solving problems with the software?
- If the software fails, what's the worst case scenario?

The City and County both have substantial investments in the use of Spillman software. Spillman provides regular updates to the software and supports our day to day operation of the software.

This software is critical to daily work of police, fire, and 911 dispatchers. Based on these factors, I strongly recommend continued funding of Spillman maintenance.

If you have any questions, please call me at 427-1461.
