The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty), Contractor shall pay Owner \$2,500 for each day that expires after the time specified in Paragraph 4.02 above for Substantial Completion until the Work is substantially complete. After Substantial Completion, if Contractor shall neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by Owner, Contractor shall pay Owner \$1,000 for each day that expires after the time specified in Paragraph 4.02 above for completion and readiness for final payment until the Work is completed and ready for final payment.

#### ARTICLE 6 – PAYMENT PROCEDURES

- 6.01 Submittal and Processing of Payments
  - A. Contractor shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Engineer will process Applications for Payment as provided in the General Conditions.
- 6.02 Progress Payments; Retainage
  - A. Owner shall make progress payments on account of the Contract Price on the basis of Contractor's Applications for Payment within 45 days of receipt during performance of the Work as provided in Paragraph 6.02.A.1 below. All such payments will be measured by the Schedule of Values established as provided in Paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no Schedule of Values, as provided in the General Requirements.
    - Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage
      indicated below but, in each case, less the aggregate of payments previously made and less such amounts as
      Engineer may determine or Owner may withhold, in accordance with Paragraph 14.02 of the General
      Conditions.
      - a. 0.95% of Work completed (with the balance being retainage); and
      - b. 95% of cost of materials and equipment not incorporated in the Work (with the balance being retainage).
  - B. Upon Substantial Completion, Owner shall pay an amount sufficient to increase total payments to Contractor to 100% of the Work completed, less such amounts as Engineer shall determine in accordance with Paragraph 14.02.B.5 of the General Conditions and less 200% of Engineer's estimate of the value of Work to be completed or corrected as shown on the tentative list of items to be completed or corrected attached to the certificate of Substantial Completion. However, payments to the Contractor are not to exceed 95% of the total Contract Price until the Owner has verified that the Contractor has made good faith efforts to attain the Indiana Finance Authority (IFA) State Revolving Fund (SRF) goals stipulated in Paragraph 10.06. Payment of the final 5% of the total Contract Price will be dependent upon acceptance of the Work, in accordance with Paragraph 14.07 of the General Conditions, and good faith efforts to comply with the IFA/SRF participation requirements; subject to reduction in the event of non-compliance as provided in Paragraph 10.06.
  - C. Escrow Agreement.
    - If the Contract is in excess of \$200,000, the contract will be subject to the standard Board of Public Works
      escrow agreement; unless written notice is received from Contractor prior to execution of the Agreement
      stating that an Escrow Account is not desired. If an Escrow Account is not desired, then the Board of Public
      Works, in accordance with IC 36-1-12-14, shall hold the retainage and will not pay interest on the amounts of
      retainage that it holds.

RE:

Huffman-Putnam Sewer Separation-Phase I and Outfall Improvements Phase IA

Resolution / Work Order. #76114

#### Council Districts #3 & 5

The contractor shall furnish all labor, insurance, equipment, materials and power for the completion of the project: Huffinan-Putnam Sewer Separation-Phase I and Outfall Improvements Phase IA as follows: Construction of sewer separation and outfall piping along Fourth Street, North Calhoun, Sixth Street, Wells Street and Huffman Street. The work performed includes construction of approximately 4,900 linear feet of 12-inch to 72-inch pipe including diversion structure and existing outfall improvements at the St Mary's River.

<u>Implications of not being approved</u>: This work is an integral part of compliance with the Consent Decree, to reduce combined sewer overflows to the St. Marys River. If not constructed, Combined Sewer Overflows will continue at a higher level into the St. Marys River, thus violating our consent decree obligation and time commitment for reduction.

If Prior Approval is being Requested, Justify: N/A
