Abatement schedules

Sec. 17. (a) A designating body may provide to a business that is established in or relocated to a revitalization area and that receives a deduction under section 4 or 4.5 of this chapter an abatement schedule based on the following factors:

* If the designating body limits the time period during which an area is an economic revitalization area, that limitation does not limit the length of time a taxpayer is entitled to receive a deduction to a number of years that is less than the number of years designated under IC 6-1.1-12.1-17.

- (1) The total amount of the taxpayer's investment in real and personal property.
- (2) The number of new full-time equivalent jobs created.
- (3) The average wage of the new employees compared to the state minimum wage.
- (4) The infrastructure requirements for the taxpayer's investment.
- (b) This subsection applies to a statement of benefits approved after June 30, 2013. A designating body shall establish an abatement schedule for each deduction allowed under this chapter. An abatement schedule must specify the percentage amount of the deduction for each year of the deduction. An abatement schedule may not exceed ten (10) years.
- (c) An abatement schedule approved for a particular taxpayer before July 1, 2013, remains in effect until the abatement schedule expires under the terms of the resolution approving the taxpayer's statement of benefits.

A CONFIRMING RESOLUTION designating an "Economic Revitalization Area" under I.C. 6-1.1-12.1 for property commonly known as 5510 Flaugh Road Fort Wayne, Indiana 46818 (Amazon.com Services LLC)

WHEREAS, Common Council has previously designated and declared by Declaratory Resolution the following described property as an "Economic Revitalization Area" under Sections 153.13-153.24 of the Municipal Code of the City of Fort Wayne, Indiana, and I.C. 6-1.1-12.1, to wit:

Attached hereto as "Exhibit A" as if a part herein; and

WHEREAS, said project will create 1,000 full-time, permanent jobs for a total additional annual payroll of \$30,000,000, with the average additional, annual job salary being \$30,000; and

WHEREAS, the total estimated project cost is \$100,000,000,000; and

WHEREAS, a recommendation has been received from the Committee on Finance on said Resolution; and

WHEREAS, notice of the adoption and substance of said Resolution has been published in accordance with I.C. 6-1.1-12.1-2.5 and I.C. 5-3-1 and a public hearing has been conducted on said Resolution; and

WHEREAS, if said Resolution involves an area that has already been designated an allocation area under I.C. 36-7-14-39, The Fort Wayne Redevelopment Commission has adopted a Resolution approving the designation.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. That, the Resolution previously designating the above described property as an "Economic Revitalization Area" is confirmed in all respects.

SECTION 2. That, the hereinabove described property is hereby declared an "Economic Revitalization Area" pursuant to I.C. 6-1.1-12.1, said designation to begin on the effective date of this Resolution and shall terminate on December 31, 2021, unless otherwise automatically extended in five year increments per I.C. 6-1.1-12.1-9.

SECTION 3. That, said designation of the hereinabove described property as an "Economic Revitalization Area" shall apply to a deduction of the assessed value of personal property for new manufacturing equipment improvements to be made between February 1, 2022 and March 31, 2023.

SECTION 4. That, the estimate of the number of individuals that will be employed or whose employment will be retained and the estimate of the annual salaries of those individuals and the estimate of the value of the new logistical distribution and information technology equipment, all contained in Petitioner's Statement of Benefits are reasonable and are benefits that can be reasonably expected to result from the proposed described installation of the new manufacturing equipment.

SECTION 5. The current year approximate tax rates for taxing units within the City would be:

- (a) If the proposed new logistical distribution and information technology equipment is not installed, the approximate current year tax rates for this site would be \$3.1453/\$100.
- (b) If the proposed new logistical distribution and information technology equipment is installed and no deduction is granted, the approximate current year tax rate for the site would be \$3.1453/\$100 (the change would be negligible).

(c) If the proposed new logistical distribution and information technology equipment is installed, and a deduction percentage of eighty percent (80%) is assumed, the approximate current year tax rate for the site would be \$3.1453/\$100 (the change would be negligible).

SECTION 6. Pursuant to I.C. 6-1.1-12.1, it is hereby determined that the deduction from the assessed value of the new manufacturing equipment shall be for a period of seven years.

SECTION 7. The deduction schedule from the assessed value of new logistical distribution and information technology equipment pursuant to I.C. 6-1.1-12.1-17 shall look like this:

Year of Deduction	Percentage
1	100%
2	90%
3	80%
4	70%
5	60%
6	50%
7	40%
8	30%
9	20%
10	10%
11	0%

SECTION 8. The benefits described in the Petitioner's Statement of Benefits can be reasonably expected to result from the project and are sufficient to justify the applicable deductions.

SECTION 9.
