The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty), Contractor shall pay Owner \$1,000.00 for each day that expires after the time specified in Paragraph 4.02 above for any Milestones and Substantial Completion until the Work is substantially complete. 2020 CIPP Pkg #1-Small and Medium Diameter

W.O. #76700

Council District # City Wide

The contractor shall furnish all labor, insurance, equipment, materials and power for the completion of the project; 2020 CIPP Pkg #1-Small and Medium Diameter: This project is the CIPP lining and SL-RAT inspections of approximately 60,000 linear feet of small and medium diameter (8" to 36") sewers throughout the City. They have been selected to be lined using evidence of deterioration and preventative maintenance.

Mishar's

Implications of not being approved: This project installs a liner in pipes to repair the pipe structurally and also to prevent infiltration during wet weather events. A liner will proactively repair the pipe before a complete collapse occurs, which saves the City money preventing open cut excavation and limits possible sewer backups to property owners.

If Prior Approval is being Requested, Justify: N/A
