The Mayor shall appoint and may remove a Member in an upper level policymaking position. For the purposes of this subsection, the term "upper-level policymaking position" shall mean the Fire Chief and the two (2) ranks below the Fire Chief. To the extent this is in conflict with any other definition contained in this ordinance, this definition shall be controlling. However, with respect to the two ranks below the Fire Chief, Members holding those two ranks are subject to the rules governing discipline described herein, with the exception of how disciplinary matters related to Members holding these two ranks are processed. Allegations of misconduct filed against Members holding those two (2) ranks, unless resolved prior to a hearing, will be reviewed in a hearing by the commissioners. If the matter is resolved prior to a hearing, the result will be distributed in the same manner as written reprimands, suspensions, or other conclusions of investigations (see 35.10 C. below). Any finding by each commissioner shall result only in a written recommendation by each commissioner separately to the Mayor. Each commissioner will send their individual recommendation to the administrative secretary to the Commission who will then forward the recommendations to the other commissioners and to the Commission's attorney. The administrative secretary will forward each recommendation along with the record of the proceedings to the Mayor for the Mayor's consideration and determination. When the Member is removed, the Member shall be appointed by the Commission to the merit rank in the Department that the Member held at the time of the Member's upper-level appointment. If such a rank is not open, the Member is entitled to the pay of that rank and shall be promoted to that rank as soon as an opening is available.

16	to be placed on the eligibility list. G. Applicants for appointment or reappointment shall successfully complete within

Only those candidates who have 3 passed the general aptitude test, the oral interview, and the CPAT will be placed on the eligibility list. Pursuant to state law, five points (5%) will then be awarded 4 to those applicants who have been honorably discharged from military service 5 and children of professional municipal firefighters or police officers killed in the line of duty. 6 Those on the eligibility list will be subject to a background investigation 1. prior to proceeding with the required examinations identified in applicable 7 state law. The Fire Administration shall provide a copy of that notification and recommendation 23 to the probationary Member. The notification must be served prior to the expiration of the probationary period. Service of such notice suspends the 24 expiration of the probationary period for that probationary Member. The 25 probationary Member, within ten (10) days of service of such notification, may request a hearing of the matter before the Commission, and that request shall be 26 granted. The probationary period for the probationary Member shall be extended until the Commission renders its decision regarding the Fire Chief's 27 recommendation. In all other cases, at the end of the probationary period, the 28 Member is considered regularly employed. In no case shall the probationary period extend beyond two (2) years from the date of hire. 29

17	examine these files upon request at any time.
	v. The Member shall have four (4) hours to review the questions scored
18	as incorrect and challenge the answer considered correct by the examiner. A Member who is aggrieved with the score received on the
19	written examination may appeal to the Commission for review of the
20	score. The appeal must be filed within ten (10) days after notice of the
20	score. The examination papers shall be retained in a manner consistent with Indiana law.
21	vi. A Member can only appeal an answer scored as incorrect. The
22	Commission's review is limited to a determination of whether another
	of the answers to the specific question could be considered correct. An
23	appeal benefits only the Member who initiated the appeal. If, after the Commission's determination, the Member's score is below the required
24	passing score, the Member shall be eliminated from the process.
25	3. Assessment Center - The Assessment Center will count as forty-nine
	percent (49%) of the promotional process. The Member must achieve a
26	passing score of seventy percent (70%) or higher on each component of the Assessment Center to be placed on the eligibility list for promotion. All
27	interaction between the Assessment Board and each Member during the
	Assessment Center will be video and audio recorded.
28	i. Eligible Members appear before an Assessment Center Board. This
29	board will include a minimum of two (2) assessors per exercise,
30	
20	

1	including the structured-panel interview, with a minimum of six (6)
2	assessors total selected by the testing company. Assessors selected
	must be at least one (1) merit rank, or equivalent, above the assessing
3	rank and employed by a full-time professional fire department with a staffing level of equal or greater size to that of the City of Fort Wayne.
4	For the Battalion Chief Assessment, the persons on the Assessment
5	Center Board shall have held the merit rank of Battalion Chief, or
6	equivalent, or above. A professional testing company will serve as the
7	facilitator for the Assessment Center process.
-	ia. <u>Assessment Center – For All Merited Ranks</u> The process for all merited ranks will consist of two (2) oral
8	tactical exercises and any two (2) of the following:
9	1. Presentation;
10	2. Management Exercise;
	3. Problem Analysis;
11	4. Simulated Situation.
12	ii. <u>Descriptions of Assessment Center exercises</u> : iia. Oral Tactical Exercise
13	This exercise assesses a Member's ability to apply their
	knowledge of firefighting techniques and tactics to a simulated
14	emergency situation. In general, the Member will be given visual
15	and descriptive information regarding an emergency
16	situation. The Member must demonstrate how they would behave
	in this situation if they were in charge.
17	iib. <u>Presentation</u> : In this exercise, a Member is given a topic relevant to a
18	firefighter's work. The Member must prepare and deliver a short
19	presentation on the assigned topic. These presentations are
20	delivered to the Assessment Center Board. This exercise is meant to simulate job tasks which require that an officer teach, instruct or
21	lecture subordinates or make presentations to citizen groups,
	department committees, and other audiences.
22	iic. Management Exercise:
23	In this exercise, a Member is given a series of memos and/or letters. Each memo or letter contains an example of a common
24	situation that is typically faced by individual officers. The
25	Member must discuss their response to each memo or letter. The
26	Member may also be required to write their response in the form of a memo, letter, or report. The Member's responses are scored
27	by the Assessment Center Board as to how well the Member is
	able to identify and respond to critical issues. The score shall be
28	based in part on grammar and organization.
29	iid. <u>Problem Analysis</u> :
30	

In this exercise, the Member is given a problem to evaluate, either
in written format or presented as a video scenario. The Member
will be required to identify and discuss the issues that the problem raises. This discussion will be presented orally or in writing to the
Assessment Center Board.
iie. <u>Simulated Situation</u> : In this exercise, Members are asked to role play their response to a
situation involving interpersonal challenges. For instance, the
Member might be asked to meet someone who is role-playing a
subordinate in trouble. The Member must demonstrate how they would behave in this situation if they were a supervisor.
<ol> <li>4. Oral Competitive Interviews</li> </ol>
i. The Fire Chief shall interview each eligible applicant but no points will be attributed to the Fire Chief's interviews.
ii. A structured panel interview may result in an award of a maximum of
six percent (6%) of the promotional process. iii. For the Battalion Chief Assessment, the persons on the Assessment
Center Board shall have held the merit rank of Battalion Chief or
above. 5. Past Performance
a. Past performance will count as sixteen percent (16%) of the
promotional process. The past performance score sheet will be based on the following for the twenty-four (24) months prior to the Notice

G. The Commission shall certify that the eligibility list was created in accordance with this Ordinance. The eligibility list for a position consists of Members who have been placed on the list in order of their cumulative score on all rating factors. The eligibility list shall be maintained for two (2) years from the date of certification, after which time the list shall be retired and a new list established. The retired list shall be kept for five (5) years and then destroyed in a manner consistent with state law.

27	Section 35.08 PROBATIONARY PROMOTION PROCEDURES
28	
29	
30	

1 A. When a vacancy in a merited rank occurs, the Fire Chief shall select from among the two (2) Members with the highest scores remaining on the eligibility list for 2 that particular rank. If the Fire Chief selects a Member other than the one ranking highest on the remaining eligibility list, the Fire Chief shall provide to the 3 Commission a written statement of the reasons that support the decision. The Commission shall accept the Fire Chief's selection and promote that Member 4 unless the Commission rejects the Fire Chief's selection by a vote of at least four 5 (4) commissioners. In that event, the Member with the higher score shall be promoted and the other Member remains on that eligibility list. 6 B. All promotions are probationary for a period not to exceed one (1) year unless extended or the promotion is revoked. The Commission, upon request of the Fire 7 Chief, may extend the probationary period, revoke the promotion, or affirm the promotion. At any time during the probationary period, the promotion may be 8 revoked by the Commission upon request of the Fire Chief. The probationary 9 period shall be completed in the division in which the Member is being promoted. At the end of the probationary period, the Fire Chief shall review the Member's 10 performance and recommend to the Commission that the promotion be affirmed or revoked. Following a hearing, the Commission may uphold, deny, or modify 11 the Fire Chief's recommendation. C. Actions regarding promotions by the Commission may be appealed within thirty 12 (30) days to the Circuit or Superior Court of Allen County, with the City being 13 named as the sole defendant, as provided by I.C. 36-8-3.5-16(d). 14 Section 35.09 PERFORMANCE RATING PROCEDURES 15 A. The Commission shall approve rules for determining a performance rating. The rules must require that a performance rating for each Member, including 16 probationary Members, be made at least once every twelve (12) months provided 17 that the Fire Chief and the two (2) ranks below the Fire Chief shall not receive a rating or be involved in the performance rating process other than as stated below. 18 The rating shall be made by one (1) or more of the Member's supervisors, as defined in these Rules. The ratings shall be submitted to the Commission and 19 kept on file in the Fire Chief's office under the Fire Chief's supervision. The supervisor shall submit the performance rating into the electronic system and to 20 the Member, at which time the appeal period starts. The Commission shall notify 21 each Member in writing of the rating that the Member received. Appropriate City technology and resources shall provide reasonable support for the rating system 22 adopted by the Commission. B. A Member who is aggrieved with the performance rating given to the Member by 23 the Member's supervisor may appeal to the Commission for a hearing to challenge the rating. The appeal must be filed within ten (10) days after notice of 24 the rating has been sent to the Member. The Commission shall affirm, deny, or 25 otherwise modify the rating. C. Probationary Members shall be rated in accordance with the Joint Apprenticeship 26 Training Program policy. 27 Section 35.10 RULES GOVERNING DISCIPLINE 28 29 30

A. The Fire Chief may initiate a disciplinary action if the Fire Chief believes that a Member has violated any Rule as enumerated herein, by providing written notice of the allegation of misconduct, including notice by email, to the Member. Likewise, any commissioner may initiate an investigation, in the same manner as required herein of the Fire Chief, if they believe that a Member has violated a rule, by providing written notice of the allegation of misconduct to the Fire Chief, who shall then follow the procedural steps set forth herein. If the Fire Chief determines, following an investigation, that the act alleged to be a violation was a Class D, E or F violation committed more than five (5) years prior to the date that the Fire Chief (or the commissioner, if initiated by the Commission) had notice of the alleged misconduct, the matter is concluded and shall be reported to the Commission, although the Commission does not have authority to act further regarding the notice. There is no time limitation for an alleged Class A, B, or C violation.

1. Within twenty (20) days after the Fire Chief receives a written statement, in any form, from anyone who asserts alleged misconduct by a Member, the Fire Administration shall notify the Member in writing, with a copy to the Union, as to whether an investigation of the allegation will be initiated or not. Likewise, if the Fire Chief receives from any source, including an anonymous source, objective evidence such as a video or audio recording, a photo or similar graphic depiction, or a document from a public agency (such as the police, a prosecuting attorney's office, or the Bureau of Motor Vehicles), information upon which the Fire Chief reasonably might base an allegation of misconduct, the Fire Chief shall so notify the Member, with a copy to the Union, within twenty (20) calendar days as to whether an investigation will be initiated or not. However, when the Fire Chief receives notice from a representative of an officially-recognized criminal justice organization of alleged misconduct that could form the basis for a criminal charge against the Member, the Fire Chief may defer the internal investigation, in the interest of preserving the integrity of a possible criminal investigation, until such time as is objectively reasonable, thus delaying the obligation to provide notice to the Member under this provision.

2. The notice shall include a brief statement of the allegations, the identity of the person(s) who submitted the allegations, and a copy of the written statement from that person and the date(s) of the alleged violation(s). In the case of objective evidence described above, a copy of the objective evidence will be included with this notice. In the case of an allegation of sick time abuse (Rule 2-4.09), the Commission shall provide this notice.

3. When the Fire Administration notifies Members that they will be subjected to an interview under Garrity, the notice will be copied to the Union.

4. In all disciplinary actions except those involving late for duty and sick time abuse, the Fire Chief shall cause a Garrity interview of the Members subject to the disciplinary action to be conducted.

5. An interviewer conducting a Garrity interview may not compel Members or their union representative to disclose any conversation that occurred between the Member and the Union representative, provided that the union representative was acting in a representative capacity at the time of the conversation. In that case, a refusal to answer a question that would require disclosure of such a conversation will not be deemed disobedience of an order. If asked and a Member declines to answer, the line of inquiry regarding such communications must stop. If the Member wishes to disclose the substance of such communications, the interviewer may ask relevant follow-up questions. However, the Member or the Union representative shall answer such a question in any of the following circumstances: when necessary to prevent crimes likely to result in a clear, imminent risk of serious injury or death; when the conversation involves criminal actions against the Member or Union representative; or when there is a court order requiring disclosure. A question posed to a Member must otherwise specifically, directly, and narrowly be related to the allegations of the pending disciplinary matter. Nothing in this section relieves a union representative of the duty to report an infraction that they witnessed, and to testify during the investigation and/or at the hearing regarding the conduct that they witnessed. A Member subject to disciplinary action shall have access to all Garrity transcripts created during the investigation.

- B. Except as otherwise provided in these Rules, at the conclusion of an investigation, as determined by the date of written notice to the Member and Union, of an alleged disciplinary violation, the Member or the Union on behalf of the Member may, within ten (10) days, submit a written proposal for settlement of the disciplinary action. The Fire Chief may accept or reject the proposal, or offer an alternative proposal. If the Member accepts a suspension, the Member waives their right to appeal and the Commission shall take no further action. If the Member objects to the suspension, the Fire Chief may proceed with the disciplinary process based on the class and occurrence of the alleged violation(s). If the Member appeals the suspension, the suspension. Notwithstanding the foregoing, the Fire Chief, the Union and the Member can resolve a disciplinary action at any time by agreement, which agreement must be reported to the Commission.
- C. The Fire Chief will notify the Commission, with a copy to the Union, of all written reprimands (issued on the designated Departmental form), suspensions, and other conclusions of investigations of alleged infractions to the Commission within forty-eight (48) hours of conclusion. A failure to comply with this provision which does not prejudice a Member subject to the disciplinary action may be corrected without affecting the disciplinary action.
- D. Prior to the conclusion of an investigation of an alleged disciplinary violation or in the absence of such investigation, the Fire Chief may relieve a Member from duty with pay (for non-punitive administrative reasons) or suspend a Member with pay pending investigation of an alleged disciplinary violation, which action shall not be appealable unless otherwise provided herein.
- E. The Fire Chief may issue a written reprimand to a Member based on an allegation of misconduct and an investigation. Except as provided in section 2-4.09, a Member may not appeal a written reprimand based on a Class F violation (unless the violation was a Class E violation or above that was decreased to Class F by the Fire Chief). A Member may initiate an appeal to the Commission regarding any disciplinary action that would result in a suspension without pay, demotion or termination (an "Appealable Disciplinary Action"). Any prior infraction that was a factor in progressive discipline may be addressed at the hearing on appeal.

F. To appeal an Appealable Disciplinary Action, Members or their Union representative or attorney must file with the administrative secretary to the Commission within ten (10) days of receipt of notice of the Appealable Disciplinary Action a written notice of their intent to appeal the Appealable Disciplinary Action. Notice transmitted by email satisfies the written notice requirement. The notice shall include a statement of the basis for the appeal.

G. Upon receiving notice of appeal from a Member, the Fire Chief shall cause notice of the appeal to be transmitted to the Commission's secretary and/or attorney.

H. The Commission shall consult with the Fire Chief and the Member or their representative to determine the date(s) on which the hearing of the appeal will be held. The Commission shall use its best efforts to reasonably accommodate the schedules of both parties and their representatives. Unless the parties otherwise agree, the hearing will be held no sooner than twenty-one (21) days from the date of the notice of appeal.

I. Both parties are entitled to be represented by counsel or, in the case of the Member, a Union representative. Both parties are entitled to produce evidence at the hearing. Both parties are entitled to require the Commission to cause subpoenas to be issued, served, and executed pursuant to Ind. Code 36-8-3.5-17(e).

J. Unless otherwise agreed, the parties shall exchange exhibits and a list of witnesses at least five (5) days prior to the hearing. The exhibits and list of witnesses shall be made available to the Commissioners at that time. In the absence of an agreement by the parties, the commissioners may determine an appropriate sanction for failure to timely disclose exhibits and witnesses.

K. If a witness fails to comply with a subpoena issued pursuant to these rules, the Commission shall continue the hearing upon the request of the party that requested the subpoena. The Commission also may file an affidavit in the Circuit Court of Allen County stating the facts of the failure as provided in I.C. 36-8-3.5-17(f). Expenses related to the filing of an affidavit and the issuance and service of a summons shall be charged to the witness against whom the subpoena has been issued, unless the Circuit Court finds that the action of the witness was taken in good faith and with reasonable cause. In that case, the expenses shall be charged to the Commission.

L. A decision to discipline a Member may be made only if the preponderance of the evidence presented at the hearing supports the decision.

M. The hearing pursuant to this section shall be conducted in executive session. The Commission shall order separation of witnesses other than the Fire Chief, the Member, and their representatives, upon request of either party.

N. The Commission shall record the hearing (either by its secretary or a third-party qualified to record such hearings). The Commission shall provide a copy of the recording and a copy of the transcript of the record (if created) upon request to the Member or their representative at no cost to the Member.

O. The Commission may affirm, modify, or dismiss the disciplinary action. The Commission's authority to charge a Member with a disciplinary violation or to modify a disciplinary action shall be unlimited.

P. Judicial Review Process. A Member may appeal a decision of the Commission to suspend the Member for a period greater than ninety-six (96) hours or more for a twenty-four (24) hour Member or sixty-four (64) hours or more for a forty (40) hour Member or to dismiss the Member as provided in I.C. 36-8-3.5-18 (or any

1	successor statute), subject to the time limitations and procedural requirements set
2	forth in said statute. Q. Written reprimands for the same offense shall cease to have effect in progressive
3	discipline two (2) years from the date of issue but shall be kept as part of a Member's permanent record.
4	R. Suspensions for the same offense shall have effect in progressive discipline four
5	(4) years from the date of issue but shall be kept as part of a Member's permanent record. However, if appealed, when determining the level of discipline and
6	penalty, the Commission may consider a Member's complete personnel record when addressing disciplinary matters.
7	<ul><li>S. Suspensions shall be at the Member's current rate of pay. Use of overtime, vacation, or holiday time in lieu of suspension shall not be allowed.</li></ul>
8	T. Members may be charged with any or all disciplinary rule violation(s) that may
9	apply to a single specific action or inaction but may be penalized for only one of the applicable rule violations. However, where where where
10	the applicable rule violations. However, Members who commit multiple violations based on two or more separate actions or inactions within a single, continuous incident may be penalized once (including where more than one type
11	of rule violation may apply to a specific action or inaction, as stated above) for
12	each separate action or inaction, resulting in a separate, single penalty for each action or inaction. Multiple instances of the same behavior during a single,
13	continuous incident will not be the basis for escalation on the penalty schedule. U. The Fire Chief may increase or decrease the discipline given to a Member (by one
14	infraction occurrence on the penalty schedule or by one class of infraction), depending on the circumstances of the alleged offense. The circumstances that
15	led to the increase or the decrease in discipline shall be stated in writing and
16	conveyed to the Member. Alternatively, the Fire Chief may petition the Commission to determine an appropriate penalty following a hearing.
	V. Members are entitled to a copy of any of their files held by the City subject to
17	exceptions under applicable law, which will be provided within a reasonable time upon request. A denial of such request shall be grieved pursuant to the terms of
18	the collective bargaining agreement.
19	W. If a Member is suspended, the Member is entitled to the allowances for benefits
20	as defined in the Collective Bargaining Agreement (with the exception of vacation accrual and pension payments made by the City on behalf of the
21	Member) to which the Member was entitled before the suspension. To determine vacation suspension, the following calculation will be used: divide the number of
22	suspended hours/days by 365, then multiply that number by the number of earned
23	days for which the Member is eligible. For example, 20 days/ $365 = .054 \times 13$ earned days = 0.702 days. Earned days less than .50 will be rounded down to the
	nearest whole day while earned days equal to or greater than .50 will be rounded
24	up to the nearest whole day. X. In order to provide a similar financial impact for suspended time off between
25	eight (8) hour and twenty-four (24) hour personnel, the following Disciplinary
26	Step Conversion Table will be used:
