SCHEDULE 1

To Economic Revitalization Area Application City of Fort Wayne, Indiana

How does the property for which you are requesting designation meet the above definition of an ERA?

The subject real property located at 9107 Yeager Lane (the "Property") lies in the city limits of Fort Wayne. The owner of the Property, HDS, LLC, a locally owned Indiana limited liability company, purchased the Property in unimproved condition in April 2018. The property owner constructed a speculative building, which construction began in 2018 and was completed in 2019. Despite good faith efforts by the property owner, the building has since been unused, underdeveloped, and lying vacant. Smith Brothers of Berne Incorporated just recently entered into a lease with the property owner for the entirety of the Property; however, in order for the lease to be effectuated there must be undertaken construction of significant and expensive interior improvements to the building and installation of new equipment. As such, the construction and installation project represents an attempt to avoid cessation of growth and deterioration of improvements. Based on all of the foregoing, the Property meets the definition of an Economic Revitalization Area.
