RE: Purchase of 905 Waverly Drive from ACCDC

Council Introduction Date: October 10, 2023 - Council District #: n/a

Background & supporting information:

City Utilities is seeking to purchase a parcel of land with the street address of 905 Waverly Drive, in the Riverhaven neighborhood. The residential structure and other improvements on the property were all razed in 2020. The current owner is Allen County Community Development Corporation (ACCDC), which took title after the previous owner defaulted on their property taxes.

Sewer service to the former residence had been provided by Allen County Regional Water and Sewer District (ACRWSD). Following ACRWSD's recent acquisition by CU, all ACRWSD customers are now CU customers. ACRWSD maintained customers' grinder stations. CU's policy and belief it is not in its ratepayers' long-term financial interest to continue maintaining grinder stations indefinitely.

In accordance with that policy, CU is purchasing 905 Waverly Drive, which shares its grinder with a neighboring property. ACCDC has agreed to sell the lot to City Utilities for a purchase price of \$3,025.00, which is significantly below the capital and operational costs of maintaining the grinder station for this property. The property is also in the Maumee River flood plain and better to leave undeveloped. The map attached to this memo shows the parcel that City Utilities intends to purchase.

Implications of not being approved:

If this property is developed and reconnected to the shared grinder station, City Utilities will have indefinite maintenance liability.

Justification if prior approval is being requested: Not applicable

Funding source: Sewer Revenue
