2025 Sole Source Letter for Flock Safety® Public Safety Solutions

April 28, 2026

IN - Fort Wayne PD
1 E. Main Street, Suite 108 Fort Wayne, Indiana, 46802
Fort Wayne, Indiana, 46802

Dear Chief Paul Smith,

This letter serves to confirm that Flock Group Inc. d/b/a Flock Safety is the sole provider of our proprietary public safety technology solution specifically designed for use by law enforcement, communities, and private entities to increase safety and reduce crime. Flock Safety's unique system integrates hardware and cloud-based software to enable real-time data processing and secure data sharing capabilities that are unavailable through other providers.

As the sole developer and provider of this proprietary technology, Flock Safety retains exclusive rights to manufacture, license, and support the products and software we offer. Our solutions include cutting-edge features such as machine learning analytics, CJIS-compliant data storage, and a centralized system that facilitates collaboration across multiple jurisdictions, supporting a more robust and efficient public safety network. Specifically, Flock Safety provides the ability to access additional cameras from Flock customers, including: Fort Wayne PD, at no additional cost.

No other vendor offers the specific combination of hardware and cloud-based features, CJIS-compliant data handling, or the national network capabilities that Flock Safety provides. For these reasons, Flock Safety is the only source available for these services.

Thank you,

A handwritten signature in black ink, appearing to read "G. Langley".

Garrett Langley CEO, Flock Safety®

flock safety

Flock Safety® LPR Cameras (Patent No. US 10,795,933 B1)

Flock Safety® is the sole manufacturer, developer, and distributor of Flock Safety® LPR Camera, Flock Safety® Long-Range LPR, Flock Safety® Short-Range LPR, Flock Safety® Flex LPR Camera, Flock Safety® LPR Camera for Neighborhoods, and Flock Safety® LPR Video Integration.

Flock Safety® LPR Camera

- Fixed, infrastructure-free license plate recognition (“LPR”) cameras suitable for capturing two (2+) lanes of traffic simultaneously with a single camera from a vertical mass
- Includes Flock Safety® solar LPR camera option (next-gen platform standard range), which may cover up to three (3) lanes of traffic simultaneously

Flock Safety® Long-Range LPR

- Fixed, infrastructure-free long-range (“LR”) LPR, suitable for capturing three (3+) lanes of traffic simultaneously with a single camera from a vertical mass
- Includes Flock Safety® solar LR LPR option (next-gen platform LR)

Flock Safety® Short-Range LPR

- Fixed, infrastructure-free short-range (“SR”) LPR with solar power capability, suitable for wide angle capture (i.e., parking lots or garages)

Flock Safety® Flex LPR Camera

- Location-flexible, infrastructure-free self-installation LPR camera with solar power option
- Ties seamlessly into the Flock Safety® ecosystem with a small and lightweight camera
- Ability to read up to 30,000 license plates and vehicle attributes on a single battery charge

Flock Safety® LPR Camera for Neighborhoods

- Infrastructure- and maintenance-free LPR for 24/7 neighborhood security

Flock Safety® LPR Video Integration

- Integrates third-party LPR and video cameras into FlockOS® utilizing existing camera infrastructures

The Flock Safety® LPR cameras listed above are the only Law Enforcement Grade LPR cameras to offer the following combination of proprietary features:

- **Vehicle Fingerprint Technology®**
 - Patented proprietary machine vision to analyze vehicle license plate, state recognition, and vehicle attributes such as color, type, make and objects (roof rack, bumper stickers, etc.) based on image analytics (not car registration data)
 - Machine vision to capture and identify characteristics of vehicles with a paper license plate and vehicles with the absence of a license plate
 - Ability to “Save Search” based on description of vehicles using Flock’s patented Vehicle Fingerprint Technology® without the need for a license plate, and set
-

flock safety

- o up alerts based on vehicle description
 - o Only LPR provider with “Visual Search,” which can transform digital images from any source into an investigative lead by finding matching vehicles based on the vehicle attributes in the uploaded photo
 - **Integrated Cloud-Software & Hardware Platform**
 - o Best in class ability to capture and process up to 30,000 vehicles per day with a single camera powered exclusively by solar power
 - o Wireless deployment of solar powered license plate reading cameras with integrated cellular communication weighing less than 5lbs and able to be powered solely by a solar panel of 65W or less
 - o Web based footage retrieval tool with filtering capabilities such as vehicle color, vehicle type, vehicle manufacturer, partial or full license plate, state of license plate, and object detection
 - o Utilizes motion trigger to start and stop recording without the need for a reflective plate
 - o Motion detection allows for unique vehicle cases such as bicycle capture, ATV, motorcycle, etc.
 - o On device machine processing to limit LTE bandwidth consumption
 - o All images and metadata is encrypted throughout its entire lifecycle from on-device to storage in Flock’s US-based CJIS-compliant cloud
 - o Covert industrial design for minimizing visual pollution
 - **Transparency & Ethical Product Design**
 - o One-of-a-kind “Transparency Portal,” a public-facing dashboard that details the customer’s policies, as well as automatically updates metrics from the Flock Safety® system
 - o Built-in integration with National Center for Missing & Exploited Children (“NCMEC”) to receive AMBER Alerts to find missing children
 - o Privacy controls to enable certain vehicles to “opt-out” of being captured
 - **Integrated Audio Detection**
 - o Ability to pair with Flock Safety® audio detection device, which has natively integrated audio detection capabilities utilizing machine learning to recognize audio signatures typical of crimes in progress (e.g., audios)
 - **Live Video Integration**
 - o Ability to apply computer vision to third-party cameras using the Flock Safety® LPR video integration, transforming them into evidence capture devices using the same Vehicle Fingerprint® technology offered on the Flock Safety® LPR cameras
 - o Flock Safety® video integration livestream integrates live stream traffic cameras, publicly or privately owned livestream security cameras into one cloud-based situational awareness dashboard to increase response time in mission-critical incidents
 - o Manage various government intelligence including LPR, livestream cameras, computer-aided dispatch (“CAD”), automatic vehicle location (“AVL”) on Flock Safety® video integration suite
-

flock safety

- **Situational Awareness**
 - FlockOS® is the world's first and only public safety operating system compatible with Flock Safety® LPR video cameras, including live streaming fixed and pan-tilt-zoom ("PTZ") video cameras, and the Flock Safety® audio detection device, while seamlessly integrating first and third-party data across video, LPR, and audio to deliver real-time intelligence and retroactive crime solving in a single-pane real-time crime center
 - Ability to enhance situational awareness capacity by layering all intelligence streams onto the FlockOS® ESRI-based map
 - FlockOS® features Flock Safety® unique Real-Time Routing feature that analyzes various data sources to determine where a suspect vehicle has been and its direction of travel, providing users with possible outcomes based on a confidence threshold
- **Warranty & Service**
 - Lifetime maintenance and support included in subscription price
 - Flock Safety® is the only fully integrated LPR one-stop solution from production of the devices to delivery and installation
 - Performance monitoring software to predict potential failures, obstructions, tilts, and other critical or minor issues
- **Partnerships**
 - Flock Safety® is the only LPR provider to officially partner with Prepared911 to distribute 911 call audio and transcripts to law enforcement agencies
 - Through FlockOS®, Flock Safety® is the only LPR provider to officially partner with FirstTwo to enable clicking anywhere on a display map to display the relevant information from FirstTwo
 - Access to additional cameras purchased by Flock's HOA and private business partners, means an ever-increasing amount of cameras and data at no additional cost

flock safety

Flock Safety® Video Cameras

Flock Safety® is the sole manufacturer, developer, and distributor of the Flock Safety® video cameras and Flock Safety® video integration.

Flock Safety® Fixed Video Camera

- Fixed, live, and record video ideal for building exteriors and city streets
- Available with AC or solar power
- Subscription-based live and recorded video solution, including hardware, cellular, installation, ongoing maintenance, and a cloud-based video management system, which allows officers to remotely view instant replay of downloadable live on-scene video with pan-tilt-zoom (“PTZ”) controls and 25X optical zoom without the need for additional camera network set-up, installation, or up-keep
- Improves safety with live and recorded video for enhanced situational awareness and case clearance

Flock Safety® PTZ Video Camera

- Live and recorded video with remote PTZ controls ideal for open areas such as intersections or parks
- Subscription-based live and recorded video solution, including hardware, cellular, installation, ongoing maintenance, and a cloud-based video management system, which allows officers to remotely view instant replay of downloadable live on-scene video with PTZ controls and 25X optical zoom without the need for additional camera network set-up, installation, or up-keep
- Improves safety with live and recorded video for enhanced situational awareness and case clearance

Flock Safety® Video Integration

- Allows customers to easily integrate video cameras into FlockOS® for a seamless workflow
- Ability to apply computer vision to third-party cameras, transforming them into evidence capture devices using the same Vehicle Fingerprint® technology offered on the Flock Safety® LPR cameras
- Flock Safety® video integration livestream integrates live stream traffic cameras, publicly or privately owned livestream security cameras into one cloud-based situational awareness dashboard to increase response time in mission-critical incidents
- Manage various government intelligence, including LPR and livestream cameras, on Flock Safety® video integration suite
- Ability to access live and recorded video using Flock Safety® video cameras

The Flock Safety® video cameras listed above are the only Law Enforcement Grade video cameras to offer the following combination of proprietary features:

- **Vehicle Fingerprint Technology® (Patent No. US 10,795,933 B1)**
 - Patented proprietary machine vision to analyze vehicle license plate, state recognition, and vehicle attributes such as color, type, make and objects (roof rack, bumper stickers, etc.) based on image analytics (not car registration data)

flock safety

- Machine vision to capture and identify characteristics of vehicles with a paper license plate and vehicles with the absence of a license plate

 - Only LPR provider with “Visual Search,” which can transform digital images from any source into an investigative lead by finding matching vehicles based on the vehicle attributes in the uploaded photo

 - **Integrated Cloud-Software & Hardware Platform**
 - Best in class ability to capture and process up to 30,000 vehicles per day with a single device powered exclusively by solar power
 - Wireless deployment of solar powered license plate reading cameras with integrated cellular communication weighing less than 5lbs and able to be powered solely by a solar panel of 60W or less
 - Web based footage retrieval tool with filtering capabilities such as vehicle color, vehicle type, vehicle manufacturer, partial or full license plate, state of license plate, and object detection
 - Utilizes motion capture to start and stop recording without the need for a reflective plate
 - Motion detection allows for unique cases such as bicycle capture, ATV, motorcycle, etc.
 - On device machine processing to limit LTE bandwidth consumption
 - All images and metadata is encrypted throughout its entire lifecycle from on-device to storage in Flock’s US-based CJIS-compliant cloud
 - Covert industrial design for minimizing visual pollution

 - **Transparency & Ethical Product Design**
 - One-of-a-kind “Transparency Portal,” a public-facing dashboard that details the policies in place by the purchaser, as well as automatically updated metrics from the Flock Safety® system
 - Built-in integration with National Center for Missing & Exploited Children (“NCMEC”) to receive AMBER Alerts to find missing children
 - Privacy controls to enable certain vehicles to “opt-out” of being captured

 - **Integrated Audio Detection**
 - Ability to pair with Flock Safety® audio detection device, which has natively integrated audio detection capabilities utilizing machine learning to recognize audio signatures typical of crimes in progress (e.g., gunshots)

 - **Live Video Integration**
 - Ability to apply computer vision to third-party cameras using the Flock Safety® LPR video integration, transforming them into evidence capture devices using the same Vehicle Fingerprint® technology offered on the Flock Safety® LPR cameras
 - Flock Safety® video integration livestream integrates live stream traffic cameras, publicly or privately owned livestream security cameras into one cloud-based situational awareness dashboard to increase response time in mission-critical incidents
-

flock safety

- Manage various government intelligence including LPR, livestream cameras, CAD, automatic vehicle location (“AVL”) on Flock Safety® video integration suite
 - Ability to access live and recorded video using Flock Safety® video cameras, a subscription video solution which allows officers to remotely view instant replay of downloadable live on-scene video with PTZ controls and 25X optical zoom without the need for additional camera network set-up, installation, or up-keep.
 - **Situational Awareness**

 - Ability to enhance situational awareness capacity by layering all intelligence streams onto the FlockOS® ESRI-based map
 - FlockOS® features Flock Safety® unique Real-Time Routing feature that analyzes various data sources to determine where a suspect vehicle has been and its' direction of travel providing users with possible outcomes based on a confidence threshold
 - **Warranty & Service**
 - Lifetime maintenance and support included in subscription price
 - Flock Safety® is the only fully integrated LPR one-stop solution from production of the device to delivery and installation
 - Performance monitoring software to predict potential failures, obstructions, tilts, and other critical or minor issues
 - **Partnerships**
 - Flock Safety® is the only LPR provider to officially partner with Prepared911 to distribute 911 call audio and transcripts to law enforcement agencies
 - Through FlockOS, Flock Safety® is the only LPR provider to officially partner with FirstTwo to enable clicking anywhere on a display map to display the relevant information from FirstTwo
 - Access to additional cameras purchased by Flock's HOA and private business partners, means an ever-increasing amount of cameras and data at no additional cost
 - Flock Safety® is the only LPR provider to officially partner with Wanco, Inc. to offer the Flock Safety's Mobile Security Trailer, an infrastructure-free solution designed to provide a movable public safety presence.
 - The Flock Safety Mobile Security Trailer combines:
 - Two (2) PTZ video cameras that are equipped with remote controls for live and recorded video
 - One (1) multi-sensor 360 panoramic camera that offers situational awareness with live views from four different angles for comprehensive coverage
 - Flashing Blue Lights that provides a clear signal that law enforcement is monitoring the area, acting as a visual crime deterrent
-

flock safety

- Integration with the FlockOS platform, centralizing live monitoring, evidence capture, and case management across all locations
- Optional feature: Can include LPR functionality, which is compatible with the FlockOS platform
- 24/7 real-time alerts, notifying law enforcement of incidents and allowing for customizable monitoring during off-hours using advanced AI for human and vehicle detection

Flock Safety® Audio Detection Device

Flock Safety® is the sole manufacturer, developer, and distributor of the Flock Safety® audio detection device.

The Flock Safety® audio detection device is the only Law Enforcement Grade audio detection device to offer the following combination of proprietary features:

- Proprietary machine learning to analyze audio crime indicators such as audio detection
- Natively integrated audio and audio detection capabilities
- Covert industrial design for minimizing visual pollution
- Lifetime maintenance and support included in subscription price
- Wireless deployment with integrated cellular communication and able to be powered solely by a solar panel of 60W or less
- On device machine processing to limit LTE bandwidth consumption
- All images and metadata is encrypted throughout its entire lifecycle from on-device to storage in Flock's US-based CJIS-compliant cloud
- Share data across Law Enforcement Departments on a national level
- Performance monitoring software to predict potential failures and critical or minor issues
- Flock Safety® is the only fully integrated LPR and audio detection one-stop solution from production of the audio devices or cameras to delivery and installation
- Flock Safety® audio detection device utilizes machine learning algorithms to analyze audio to determine if a audio has occurred, and the number of shots, helping officers determine if a single shot or multiple shots were fired. Flock Safety® audio detection device can detect the audio signature of fireworks using a proprietary machine learning system and identify the location that the fireworks occurred
- Direct integration with Flock Safety® LPR cameras and Flock Safety® video cameras, which utilize patented proprietary machine vision to analyze vehicle license plate, state recognition, vehicle color, vehicle type, vehicle make and objects (roof rack, unique hubcap, etc.) based on image analytics (not car registration data)

Partnerships:

- Flock Safety® is the only LPR provider to officially partner with Prepared911 to distribute 911 call audio and transcripts to law enforcement agencies
- Through FlockOS®, Flock Safety® is the only LPR provider to officially partner with FirstTwo to enable clicking anywhere on a display map to display the relevant information from FirstTwo
- Access to additional cameras purchased by Flock's HOA and private business partners, means an ever-increasing amount of cameras and data at no additional cost
- Flock Safety® is the only LPR provider to officially partner with Wanco, Inc. to offer the Flock Safety's Mobile Security Trailer, an infrastructure-free solution designed to provide a movable public safety presence.
- The Flock Safety Mobile Security Trailer combines:
 - Two (2) PTZ video cameras that are equipped with remote controls for live and recorded video
 - One (1) multi-sensor 360 panoramic camera that offers situational awareness with live views from four different angles for comprehensive coverage

flock safety

- Flashing Blue Lights that provides a clear signal that law enforcement is monitoring the area, acting as a visual crime deterrent
- Integration with the FlockOS platform, centralizing live monitoring, evidence capture, and case management across all locations
- Optional feature: Can include LPR functionality, which is compatible with the FlockOS platform
- 24/7 real-time alerts, notifying law enforcement of incidents and allowing for customizable monitoring during off-hours using advanced AI for human and vehicle detection

flock safety

Flock Safety® Software

Flock Safety® is the sole provider of the comprehensive monitoring, processing, and machine vision services, including FlockOS®, Flock911, Flock Safety® Traffic Analytics for Businesses, Flock Safety® Advanced Investigations Analytics, and Flock Safety® Traffic Analytics for Government, which integrate with Flock Safety® LPR cameras, Flock Safety® video cameras, and the Flock Safety® audio detection device.

FlockOS®

- Public safety platform that unifies first and third-party data across LPR, video, and audio to deliver real-time intelligence
- FlockOS® is the world's first and only public safety operating system compatible with Flock Safety® license plate recognition ("LPR") video cameras, including Flock Safety® live streaming fixed and pan-tilt-zoom ("PTZ") video cameras, and the Flock Safety® audio detection device, while seamlessly integrating first and third-party data across video, LPR, and audio to deliver real-time intelligence and retroactive crime solving in a single-pane real-time crime center
- Ability to enhance situational awareness capacity by layering all intelligence streams onto the FlockOS® ESRI-based map
- FlockOS® features Flock Safety™ unique Real-Time Routing feature that analyzes various data sources to determine where a suspect vehicle has been and its' direction of travel providing users with possible outcomes based on a confidence threshold
- Through FlockOS, Flock Safety® is the only LPR provider to officially partner with FirstTwo to enable clicking anywhere on a display map to display relevant information from FirstTwo

Flock911

- Real-time 911 calls and caller-sourced media for enhanced situational clarity in MDTs and Real Time Crime Centers ("RTCCs")
- FlockOS® is the only product on the market that works with Prepared911 to distribute 911 call audio and transcripts to law enforcement agencies directly

Flock Safety® Traffic Analytics for Businesses

- Provides customers with actionable visitor insights from their LPR network to enhance marketing and operations efforts

Flock Safety® Advanced Investigations Analytics

- Allows customers to leverage their LPR network to expand theft and organized crime cases

Flock Safety® Traffic Analytics for Government

- Allows customers to unlock the potential of their LPR network for critical traffic management insights

Flock Nova®

- Provides real-time data integration and analytics capabilities for law enforcement agencies. Unlike traditional records management systems (RMS) or computer-aided dispatch (CAD) tools that primarily store information, Nova offers:

flock safety

- Real-time data fusion across multiple data sources
- Automated connection of data points from law enforcement systems and OSINT
- Crime pattern detection
- Automated statistical reporting for command staff and agency leadership
- A streamlined, operational interface optimized for actionable information

Product and Services Description

FlockOS Features	Description
Flock Safety LPR, fka Falcon	Law enforcement grade infrastructure-free (solar power + LTE) license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users.
Extended data retention (Up to 1 Year)	Extended data retention for up to 1 year for 1 Law Enforcement grade LPR camera.
Flock Safety LPR - Flex Bundle, fka Falcon Flex Bundle	Law enforcement grade tactical deployment (portable + LTE) license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users.
Flex - Solar Kit	LPR 2.2 Camera and 65W side mount solar panel and band clamps for prolonged deployment.
Dual Solar LPR - Standard Bundle, fka Falcon	Two solar-powered fixed standard-range LPR cameras on the same pole
Solar LPR, fka Solar Falcon	Standard range license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users, with LTE
Flock Safety Platform - Essentials	An integrated public safety platform that detects, centralizes and decodes actionable evidence to increase safety, improve efficiency, and connect the community.

FlockOS Features & Description

FlockOS Features	Description
Community Network Access	The ability to request direct access to feeds from privately owned Flock Safety LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.
Unlimited Users	Unlimited users for FlockOS
State Network (License Plate Lookup Only)	Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.
Nationwide Network (License Plate Lookup Only)	With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations.
Law Enforcement Network Access	The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.
Time & Location Based Search	Search full, partial, and temporary plates by time at particular device locations
License Plate Lookup	Look up specific license plate location history captured on Flock devices
Vehicle Fingerprint Search	Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.
Insights & Analytics	Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.
Real-Time NCIC Alerts on Flock ALPR Cameras	Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI's National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.
Unlimited Custom Hot Lists	Create a list of vehicles of interest and receive real-time alerts when they're detected by your Flock LPR cameras.
