Introduction Date:	August 25, 2026
--------------------	-----------------

Plan Commission Public Hearing Date:	September 14, 2026 (not heard by Council)
---	---

Next Council Action:	Ordinance will return to Council after recommendation by the Plan Commission
----------------------	--

Synopsis of Ordinance:	To rezone 0.50 acres from RP/Planned Residential to C2/Limited Commercial
------------------------	---

Location:	5833 S Anthony Blvd (Sec 30 of Adams Township)
-----------	--

Reason for Request:	To allow for an expansion
---------------------	---------------------------

Applicant:	Diane Reynolds (Engineering Resources, Inc.)
------------	--

Property Owner:	League For The Blind and Disabled Inc
-----------------	---------------------------------------

Related Petitions:	None
--------------------	------

Effect of Passage:	Property will be rezoned to the C2/Limited Commercial zoning district, which would allow for an expansion.
--------------------	--

Effect of Non-Passage:	Property will remain zoned RP/Planned Residential, which would not allow for an expansion. The site may continue with existing or non-conforming uses, and may be redeveloped with similar planned residential uses.

Department of Planning Services Rezoning Questionnaire

When making recommendations on rezoning requests, the Plan Commission shall pay reasonable regard to the following items. Please describe how this petition satisfies the following:

- (1) The Comprehensive Plan;

The project aligns with the comprehensive plan by redeveloping an existing site and ensuring that the two sites that the property owner owns are the same zoning classifications.

- (2) Current conditions and the character of current structures and uses in the district;

The existing building will be renovated and a new building addition will be added. This expansion will allow The League to better serve the blind and disabled in our community by expanding the services they offer to people with disabilities.

- (3) The most desirable use for which the land in the district is adapted;

The use for the parcel of land that we are asking to rezone will be used as an outdoor plaza with a walking path for the employees at The League. This use will be ideal as it creates a buffer between the residential to the south and the more developed parcel that The League's building and parking lot sits on to the north.

- (4) The conservation of property values throughout the jurisdiction;

By rezoning this parcel to C2 will not reduce the property values. The League intends on keeping this area as an outdoor area for their employees to use. They are planning on adding a privacy fence to also reduce any noise from people gathered outside using the plaza / sidewalk areas.

- (5) Responsible development and growth.

By rezoning the property it brings the parcels that The League owns into one zoning designation and it allows for The League to develop their building which will expand the important services that they provide to the area.

PROJECT SUMMARY

The applicant is petitioning to rezone the 0.50 acre parcel at 5833 South Anthnoy Boulevard. Site has been vacant since 1938, according to IMAP aerial photography. The immediate adjacent property to the north is zoned C2/Limited Commercial and is home to the current offices for The League. The properties east, south and west are zoned RP/Planned Residential with a mix of multiple family residential buildings, single family homes, and vacant lots. The requested rezoning of this property to C2/General Commercial is to bring the vacant lot into uniform zoning with the north parcel, as improvements are made to the property. No structural additions are proposed with this rezone request, but sidewalks and landscaping will be added in this space to enhance the property as a whole.

COMPREHENSIVE PLAN REVIEW

Future Growth and Development Map, Goals, and Strategies

The project site is located within the Priority Investment Area.

- The following Goals and Strategies would be applicable:
LUD1 - Encourage compatible infill development and redevelopment in the Urban Infill and Priority Investment Areas.

Overall Land Use Policies

- The following Land Use Policies would be applicable and supportive of this request:
- **LUD Policy 4**-Nonresidential development which is adjacent to residential neighborhoods should be limited to lower intensity neighborhood commercial uses

Generalized Future Land Use Map

- The project site is located within the Neighborhood Commercial generalized land use category.
- Primary Land Uses in this category are Low-to Moderate-Intensity Business, Service, and Retail
- Secondary Land Uses include Civic and Cultural Facilities, Multiple-Family Residential, Parks and Open Space, Religious Institutions, and Schools.
- Adjacent property to the north is Neighborhood Commercial, while the properties to the east and west are Traditional Neighborhood, and the southern property is Mixed Residential.

Land Use Related Action Steps

Staff determined the following Action Step would be applicable and supportive of this proposal:

Compatibility Matrix

- This proposed rezoning to C2/Limited Commercial is considered compatible with the Neighborhood Commercial land use category.

FORT WAYNE PLAN COMMISSION

Findings of Fact • September 2026

PROPOSAL:	Rezoning Petition REZ-2026-0040 – The League - 5833 South Anthony
APPLICANT:	The League for The Blind and Disabled
REQUEST:	Rezone from RP to C2 to allow expansion
LOCATION:	5833 South Anthony
LAND AREA:	0.50 acres
PRESENT ZONING:	RP/Planned Residential
PROPOSED ZONING:	C2/Limited Commercial

The Plan Commission recommends that Rezoning Petition REZ-2026-0040 be returned to Council, with a “Do Pass” recommendation after considering the following:

1. Approval of the rezoning request will be in substantial compliance with the City of Fort Wayne Comprehensive Plan, and should not establish an undesirable precedent in the area. The rezoning would allow for expansion and renovation of the current building which sits in the Priority Investment area.
2. Approval of the request will not have an adverse impact on the current conditions in the area, or the character of current structures and uses in the area. The applicant intends to continue the property’s use as it currently stands and expand to offer its services.
3. Approval is consistent with the preservation of property values in the area. The rezoning allows for the property to be in compliance with the current zoning ordinance, thus allowing for an increase in property values.
4. Approval is consistent with responsible development and growth principles based on existing uses and infrastructure in the area. The site is served by public utilities and no additional burden on infrastructure is planned.

These findings approved by the Fort Wayne Plan Commission on September 21, 2026.

Department of Planning Services Rezoning Questionnaire

When making recommendations on rezoning requests, the Plan Commission shall pay reasonable regard to the following items. Please describe how this petition satisfies the following:

- (1) The Comprehensive Plan;

The project aligns with the comprehensive plan by redeveloping an existing site and ensuring that the two sites that the property owner owns are the same zoning classifications.

- (2) Current conditions and the character of current structures and uses in the district;

The existing building will be renovated and a new building addition will be added. This expansion will allow The League to better serve the blind and disabled in our community by expanding the services they offer to people with disabilities.

- (3) The most desirable use for which the land in the district is adapted;

The use for the parcel of land that we are asking to rezone will be used as an outdoor plaza with a walking path for the employees at The League. This use will be ideal as it creates a buffer between the residential to the south and the more developed parcel that The League's building and parking lot sits on to the north.

- (4) The conservation of property values throughout the jurisdiction;

By rezoning this parcel to C2 will not reduce the property values. The League intends on keeping this area as an outdoor area for their employees to use. They are planning on adding a privacy fence to also reduce any noise from people gathered outside using the plaza / sidewalk areas.

- (5) Responsible development and growth.

By rezoning the property it brings the parcels that The League owns into one zoning designation and it allows for The League to develop their building which will expand the important services that they provide to the area.
